Alaska Department of Fish & Game

NEWS

February 8, 2005

FOR IMMEDIATE RELEASE

Due to a turnover in personnel at the Juneau Hunter Education Facility, The Division of Wildlife Conservation must temporarily suspend normal public shooting hours beginning Monday, February 14, 2005. The range will continue normal operations through Sunday, February 13. We are moving expeditiously to refill a critical vacancy needed for range operations and hope to be able to reopen the facility to public shooting in a few weeks. We deeply regret the inconvenience this will cause to those that have become regular users of the range. Additional information about range activities will be available at the department web site.
